## Aligned with customers' demands

Close follow-up of deliveries is important to customers' success. Potential deviations are therefore resolved at an early phase or eliminated through product modifications. Kongsberg Automotive follows up after-market sales through close contact with vehicle manufacturers and dealers, as well as end users.

Our manufacturing facilities and sales offices have a global reach, enabling us to optimise production and to be close to our customers.

We provide professional service to our customers within:

- ▶ Sales and logistics
- ▶ Product function training
- ▶ Product installation training
- ▶ Product repair training
- ▶ Warranty handling

Kongsberg Automotive has a global network of distributors to ensure rapid delivery to all corners of the world. See our webpages to find the distributor covering your country.

# STABILIZING RODS

- V-stay
- Anti Roll Bar Rep. Kit

Kongsberg Automotive delivers efficient stabilizing rods that reduce component size and weight, provide a considerable range of angular motion, and handle ever-increasing loads. The use of higher-capacity vehicles places even greater emphasis on trimming in terms of the size and the weight of critical suspension components.
